Non-GAAP Financial Measures

The Company has included information concerning Adjusted EBITDA because management utilizes this information, which is materially similar to a financial measure contained in covenants used in the Company's credit agreement, in the evaluation of its operations and believes that this measure is a useful indicator of the Company's ability to generate cash collections in excess of operating expenses through the liquidation of its receivable portfolios. The Company has included information concerning total operating expenses excluding stock-based compensation expense and bankruptcy

servicing operating expenses in order to facilitate a comparison of approximate cash costs to cash collections for the debt purchasing business in the periods presented. The Company has included information concerning tangible book value per share because management believes that this metric is a meaningful measure of the equity deployed in the business. Adjusted EBITDA, operating expenses excluding stock-based compensation expense and bankruptcy servicing operating expenses, and tangible book value per share have not been prepared in accordance with generally accepted accounting principles (GAAP). These non-GAAP financial measures should not be considered as alternatives to, or more meaningful than, net income and total operating expenses as indicators of Encore Capital Group's operating performance and total stockholders' equity as an indicator of Encore Capital Group's financial condition. Further, these non-GAAP financial measures, as presented by Encore Capital Group, may not be comparable to similarly titled measures reported by other companies. The Company has included a reconciliation of Adjusted EBITDA to reported earnings under GAAP, a reconciliation of operating expenses excluding stock-based compensation expense and bankruptcy servicing operating expenses to the GAAP measure total operating expenses, and a reconciliation of tangible book value per share to the GAAP measure total stockholders' equity in the attached financial tables.
