Encore Enters Settlement Agreement with 42 States and the District of Columbia

Settlement will cause no material impact to the business

Reserves put in place in 2015 will cover monetary terms

SAN DIEGO — December 4, 2018 — Encore Capital Group, Inc. (Encore), an international specialty finance company (NASDAQ: ECPG), today announced it has entered into a settlement agreement with 42 states and the District of Columbia. The issues that were the genesis of the settlement have not been the company’s practice for nearly 10 years.

“Several years ago, we began discussions with various attorneys general, which ran in parallel to our discussions with the Consumer Financial Protection Bureau (CFPB) and covered similar topics. We settled with the CFPB in 2015 and are pleased to have reached today’s agreement,” said Ashish Masih, President and CEO of Encore. “While we believe our practices were in accordance with relevant laws, we chose to agree to a settlement, so we can all move ahead.”

This settlement will cause no material impact to the business. The funds for it were fully reserved in 2015 in connection with the company’s settlement with the CFPB. The terms of the agreement include a one-time cash payment of \$6 million that will be divided among the states, and \$25,000 per state available as relief for certain consumer claims. Also included are credits to the outstanding balance of certain judgments obtained against consumers between 2003 and 2009. Additionally, the agreement sets out operational requirements, nearly all of which are already part of current practice. Most of the requirements were implemented during or prior to Encore’s negotiations with the attorneys general.

“We believe today’s settlement, and the CFPB agreement before it, actually strengthen our competitive position, as they’ve set the standard for the entire sector. We are well positioned to continue our industry leadership in this regulatory environment,” continued Masih.

Encore continues to be one of the most consumer-centric companies in the business. Its people work with consumers to provide tailored solutions to help them manage their financial obligations and move toward a better life. It is the first and only company in its industry to operate with a Consumer Bill of Rights, which was adopted in 2011 and further strengthened in 2016.
