Form 10-K
Financial Statements
Investments in Receivables Portfolios, Net, page 59

1. Refer to the tables on page 62 and explain to us the nature of the items identified as "(b)asis adjustments." Describe the nature of these adjustments and explain how they are appropriate under SOP 03-03.

## Convertible Noted Hedge Strategy, page 66

2. We note in the fifth paragraph of page 66 that you recorded the net call options and warrants as a reduction in additional paid-in capital within stockholders equity. Explain the terms of these options and warrants and tell us how you applied the guidance of EITF 00-19 and SFAS 150 to them. Identify the counterparty for these instruments. If these instruments were purchased from and sold to the same counter-party, tell us whether the stated cost of the call options and warrants equals fair value.

## Form 10-Q, For the quarterly period ended June 30, 2007

3. We note that you recorded an expense of \$11.7 million for the pay-off of future contingent interest. Please explain to us your basis in GAAP for recognizing immediately as an expense the one-time payment for the rights to future contingent interest. Tell us why you did not treat the payment as the purchase of an asset.
