SAN DIEGO, April 29, 2015 (GLOBE NEWSWIRE) -- San Diego Miramar College today announced four \$1,000 winners of its [Encore Capital Group](#) community college scholarship program. Encore Capital Group, Inc. (Nasdaq:ECPG), an international specialty finance company with operations in San Diego, created the program to support students as they work to obtain advanced degrees.

The program, Encore's largest philanthropic initiative to date, provides 124 students from across the country with \$1,000 grants for tuition at select community colleges. The students selected by San Diego Miramar College are Maria Amoranto (San Diego), Mehran Kari (Poway, Calif.), Olivia Light (San Diego) and Ahn Tran (San Diego).

"We value our partnership with Encore and the impact the company's scholarship program will make on the lives of our students," said Lonnie Pham, Student Assistance Technician, San Diego Miramar College.

Encore's global philanthropic program focuses on economic empowerment to help consumers take control of their financial futures through quality education, job training and basic support services.

"We are pleased to help students continue their education," said Sheryl Wright, Senior Vice President, Corporate and Government Affairs, Encore Capital Group. "For many, college is the path to economic empowerment, and given the escalating costs of higher education, our grant could mean the difference between a student getting his or her degree or having to give up on the dream."

"An investment in a student, and a local community college, is an investment in our country's future," said Sen. Marty Block (D-San Diego). "It's inspiring to see companies like Encore take a genuine interest in the communities where they operate, and I am pleased to see their successful partnership with San Diego Miramar College."
